.....

NOTES:

1. Only real candidate for William Mylrea (MACYLEREA) is the one who married Margaret Kinish 1690 in Braddan
2. Children John (1691), Margaret (1693), Ellin (169*), Ann (169*)
3. By the time Margaret Kinish died, she had married two more times and had three more children. Only two McYlrea children (John and Ann) alive when she died. Ann died a spinster in 1738. John apparently left the island in about 1717.
4. Mary Cannell als McYlrea & Catherine McYlrea, both died April 1723 in Michael. They were the older sisters of William, who died in 1699.
5. Parentage of these three likely to be Hu; mother unknown. If it was Hu, then birth dates:

- Kath (1656) MACILERA
- Mary (1659) McYLEREA
- William (1663) MACHLEREA

6. So William would have been 27 when he married Margaret Kinish in Braddan and 36 when he died.

7. The Mylrea links:

HU MACILEREA

William	Mary	Catherine	??
m Margaret Kinish	m Richard Cannell	<i>unmarried</i>	
John 1691	Thomas		
Margaret	Jon		
Ellin	Catherine		
Ann unmarried - died 1738	Jane 1707		

Went abroad about 1717

8. Hu Macilerea *might have been* the Hugh McYlrea, son of William, born in Michael in 1616. Siblings were Mable (1616), Rich (1619), Jo (1626).
9. A Richard Cannell married a Mary McYlrea, date unknown but around 1690. Child Jane born 1707 in Michael (Mary Cannell's will 1723 specifies children *inter alia* Jane)
